## Regional Organizers

Hiring Regional Organizers was one of your top priorities coming out of the [2025 workshop](#).

We have brought on a few part-time folks to make your regional goals a reality:

- **Lauren Chrobot** joins the team as the Skeena Regional Organizer to coordinate events in the northwest;
- **Colin Rossiter** is supporting Northeast operations; and
- **Brandon Geldart** is helping out in the Omineca region.

## April Regional Meetings

Sign up and get social! You might have already received an invite to one or more meetings since we've been struggling with technology and accessibility... don't hesitate to sign up for as many meetings as you wish!

- [Skeena Region April 22nd @ 11 a.m.](#)
- [Omineca Region April 28th @ 10 a.m.](#)
- [Northeast Region April 29-20 & May 1 - in-person](#)

Be sure to stop into a [Watercooler Wednesday](#) if you want to chat informally with your CoP - hosted at 2:30 p.m. every Wednesday until the end of May to hold space for connection. **Please add to your calendar!**

---

## Northeast Region Workshop

Wait, what? There's an in-person workshop happening in the northeast?

YES! We are finalizing the agenda, but for now we have

- a registration page [via Google Forms](#)
- a call for sponsors in our [sponsor package](#)
- a draft agenda downloadable here: [draft agenda](#)

Can you help spread the word? Organize speakers? Share learnings?

Please [reach out to Mae and Colin](#).

New Webinars Added: March 31st & April 21st

Our forward momentum keeps rolling! Join us to learn with and from

- Catherine Tarasoff: Managing Invasive Reed Canarygrass, March 31st
- Kelsey Gritter and Eric Neilson: Introducing the Forest Ecosystem Simulator (ForES), April 21st

## Call for Applications: AARC 2026

Apply to join the Tamarack Institute's [Adaptive and Resilient Communities Cohort \(ARCC\)](#) by March 25!

The Adaptive and Resilient Communities Cohort (ARCC) is designed to catalyze community-level actions to advance local climate adaptation and resilience projects. The cohort will bring together around 10 members on this journey of applied learning and action that includes monthly communities of practice, tailored coaching, and access to the latest tools and resources, designed to help you overcome barriers to action.

There are lots of ways to get more involved with the CoP, facilitated by the organizing team:

- organize or join a subject matter working group
- organize or join a regional group - each of our three northern 'regions' has a group
- join the Organizing Team, either as an individual or on behalf of your organization
- share knowledge in a webinar, conference presentation, or hands-on workshop.

Just reach out, we'd love to hear from you!
