Regional Organizers

Are you passionate about this community of practice? We're seeking at least one person in each region to organize local events. Depending on your employer and preferences, this can be on a volunteer, secondment, or part-time employment basis (0.2 to 0.5 FTE).

Questions about the role? [Send the CoP Coordinator an email](#). We are actively seeking expressions of interest. Mae will be reaching out one-to-one to folks who indicated they were willing and able to Do More to support the CoP.

There are lots of ways to get more involved with the CoP, facilitated by the organizing team:

- organize or join a subject matter working group
- organize or join a regional group - each of our three northern 'regions' will have a group
- join the Organizing Team, either as an individual or on behalf of your organization
- share knowledge in a webinar, conference presentation, or hands-on workshop.

Just reach out, we'd love to hear from you!
